“ My sweet Bunga... I will always remember the couple of weeks Jeff and I got to spend with you every summer. Everyday we would go on walks, go to the swimming pool, go to the water park and get snow cones. I will forever miss your stories and making you laugh. I am a better person because of you and can only hope to have a heart as big as yours. I love you and know you will always be with me.

R.I.P. The one and only Bunga. My lovely grandmother.

“ I am so saddened by your loss. What an amazing example of a mother. I loved the joy in your eyes when you spoke of your mother. The trips, reunions, country western concerts, outfits she would buy you and Kay. The excitement when your parents moved closer to you.

What an incredible family you have. Sending you so much love and thoughts.

Much love,
Sue
