“ Louise, I have no idea what you must be going through in losing what I think was the single most important compass in your life. I know your mom was that to you and with this loss comes so many layers of heartache. Your mom was such a lovely woman. I often think about all the times we spent together as a family and all the amazing dishes your mom cooked. She was such a pleasure to have around and lady with such grace and charm. I will remember her always. I love you, Chris and Brandon very much and wish so much to be with you all during this time of loss. Know your not far from my thoughts and that I am there in Spirit. Must Love, Susie
